

Impact of the Updated National Flood Insurance Rate Maps on Properties in Lower Merion		
ID	Description	No. of Affected Properties
A	New to FEMA Floodplain. The property will be located in a Special Flood Hazard Area (SFHA) with the updated maps. The property was <i>not</i> in the Special Flood Hazard Area on the 1996 National Flood Insurance Rate Maps. Flood insurance may be required if the structure(s) on the property is within the SFHA and is subject to a federally backed mortgage. There would also be restrictions on building expansions to any building in the revised floodplain.	64
B	Modification to Floodplain Boundary. At least a portion of the property was located in the Special Flood Hazard Area on the 1996 National Flood Insurance Rate Maps. The precise location of the boundary may have changed, but the property will still be located in a Special Flood Hazard Area on the updated maps. Flood insurance may be required if the structure(s) on the property is within the SFHA and is subject to a federally backed mortgage.	596
C	Reconfirmed LOMA/LOMR. A Letter of Map Amendment (LOMA) or a Letter of Map Revision (LOMR) was submitted to FEMA to amend/modify the location of the Special Flood Hazard Area for specific properties. The LOMA/LOMR will be confirmed by FEMA, therefore the same flood insurance requirements should apply to these properties.	154
D	Out of FEMA Floodplain but Subject to Township Floodplain. The property was previously located in a Special Flood Hazard Area, but is no longer shown within the Special Flood Hazard Area on the updated maps. However, the property is still located within the Township's local floodplain boundary, which limits development potential to reduce the risk of flooding. While recommended, flood insurance may no longer be required if the property is subject to a federally backed mortgage.	208
E	Out of FEMA Floodplain and not Subject to Township Floodplain. The property was previously located in a Special Flood Hazard Area, but is no longer shown within the Special Flood Hazard Area on the updated maps. The property is not located within the Township's local floodplain boundary. Flood insurance -may no longer be required if the property is subject to a federally backed mortgage.	32
